(ii) re : Non availability of drugs in Gulbarga General Hospital.

SRI PRABHAKAR TELKAR.—Sir, I call the attention of the Minister for Health and Family Welfare to the hardship caused to the public due to non-availability of drugs in Government Hospital, Gulbarga.

SRI M. MARGADA MALLAPPA (Minister for Health and Family Welfare).—Sir, I beg to make the following Statement.

As per G. O. No. HMA 86 BDE 77 dated 3rd November 1977, budget provision for supply of drugs and chemicals in respect of General Hospital, Gulbarga has already been enhanced from Rs. 6,00,000 to Rs. 7,00,000 per annum with effect from 1st April 1977. Due to economy cuts imposed by the Government 10% cut i.e. Rs. 70,000 was reduced for the year 1977-78 and a sum of Rs. 3,15,000 for direct purchases (50%) and a sum of Rs. 3,15,000 (50%) for Deputy Director, Government Medical Stores have been released for the same.

The Deputy Director, Government Medical Stores, Bangalore has reported that against a provision of Rs. 3,15,000 drugs worth Rs. 3,16,195 has been supplied to the General Hospital, Gulbarga during 1977-78.

Out of a total provision of Rs. 7,00,000 allotted for the purchase of drugs and medicines during the year 1978-79 to the General Hospital, Gulbarga, a sum of Rs. 1,16,000 (for four months) has been released to the Deputy Director (Government Medical Stores) against which supplies have been made from the Government Medical Stores to the extent of Rs. 2,15,722-21 on 9th June 1978 and the same has been received at the Hospital on 12th June 1978. In addition, a sum

of Rs. 1,16,000 has also been released to the Superintendent, on 14th April 1978 for direct purchase of drugs and medicines from R. C. firms.

Thus it will be seen that action has already been taken to ensure supply of necessary medicine to the Government Hospital, Gulbarga. The District Surgeon, Gulbarga has also reported that the drugs supply position is better.

SRI PRABHAKAR R. TELKAR.—Sir, the Government Hospital at Gulbarga is a 600 beded and there are about 1,200 out-patients coming over here for treatment. The medicine that has been supplied to this Hospital is meagre. Though Government has enhanced the amount from 6 to 7 lakhs, there is already a 10 percent cut has been imposed and it remains as 6 lakhs itself. There is also considerable delay in receiving medicines supplied to this hospital. Now the medicine that has been supplied to this hospital to the tune of 2,25,000 is not sufficient for 4 months. After 4 months again the people will be in trouble and they will not get any medicine in time of emergency. Even the cloth which is required for bandages etc., which is to be provided by the Government through handloom corporation are not available in time. When the bandage cloth is exhausted they have to indent for it from Corporation, which will take its own time and patients who needs treatment will not get proper treatment. Similarly, life saving drugs after the dog bit-those medicines are not available in sufficient number. Every time the Hospital Authorities has to approach the Government for supply of these life saving drugs. So, I request the Government to supply these life saving medicines to the Hospital without delay.

Then, regarding this deep-cut X Ray which is installed in this hospital just 10 months ago is not at all working. So, immediate repair is necessary. There are complaints that inpatients are not getting bread and milk properly. Therefore, I request through you to the Government to take immediate steps to set right these things and enhance the budget provision from 7 lakhs to 10 lakhs. This may be considered.

SRI M. MALLAPPA.—Mr. Speaker, Sir, this bandage cloth is given to Handloom Corporation to enable poor weavers to earn their livelihood. That is the Policy of the Government. If there is any difficulty in supply of these cloth, action will be taken to supply them in time. So far as the supply of medicines are concerned we have already supplied to them. We have received additional indent for 2 lakhs for Gulbarga Hospital which is being processed. So far as X Ray machine is concerned the hon. Member has complained that it is not working.

Action being taken to repair the X Ray machine. Now, the amount has been released for 3 months only. No discrimination has been made while making the budget provision in respect of hospitals. Suitable action will be taken to supply medicines in time.
